MULTI COMPLEX NIGHT CRÈME NUTRITIONAL OVERNIGHT THERAPY

This super-enriched nutritional Crème combines four of the most effective skin rejuvenating ingredients to create the ideal nutritional therapy for overnight use.

Benefits of using this nutritional overnight formula:

- Quadruple antioxidant skin rejuvenation
- Promotes smoother, healthier skin
- Nourishes skin whilst sleeping
- Calms and soothes inflammation

KEY INGREDIENTS:

- Retinyl Palmitate: represents the best-tolerated form of topical Vitamin A and is known to reverse some of the most obvious signs of aging skin by increasing collagen, improving elasticity and evening out skin tone.
- Copper Enzymes: stimulates enzymes to help build new elastin and produce collagen – both are key skin tighteners. Copper also helps produce keratine in the epidermis which leads to improved skin tone and texture
- Alpha Lipoic Acid: potent antioxidant, small enough to penetrate the mitochondria of the skin giving protection to both the cellular membrane and the skin's energy centers.
- Co-Q-10: Encourages the repair of damaged skin, promoting a healthier, more vital and younger appearance to the skin.

RESULTS: smoothes and calms the signs of aging

SKIN TYPE: All skin types

APPLICATION: used once daily. Apply on freshly washed skin; leave on overnight; rinse, ideally shower, and wash with a cleanser for your respective skin type.

INGREDIENTS: Water, Retinyl Palmitate (Vitamin A), Glyceryl Stearate, PEG-100 Stearate, C 12-15 Alkyl Benzoate, Butylene Glycol, Cetyl Alcohol, Dimethicone, Pine Bark Extract, Copper Sulphate, Panthenol Dimethyl MEA, Alpha Lipoic Acid, Ubiquinone (Co-Q-10 Enzymes), Triethanolamine, Tripeptide 1, Carbomer, Benzophenamine 4, Laureth – 7, Polyacrylamide, C 13-14 Isoparaffin, Imidazolidyl Urea, Methoxykaraben, Propylparaben, Fragrance, Disodium EDTA
