MINERAL SHIMMERING POWDER THE COLOR OF BEAUTY.

Infused with Vitamins A, C and E for added antioxidant benefits, this hypoallergenic mineral shimmering powder will brighten and highlight any complexion.

Benefits of using this Mineral Shimmering Powder:

- Creates a Natural, Healthy, Youthful Glow
- Contains Anti-Aging Properties
- Shimmering tones meld effortlessly together
- Highly compatible with common skin sensitivities

RESULTS: Brightens and highlights key features and promotes healthier skin that is noticeably silkier and smoother.

SKIN TYPE: All skin types

APPLICATION: Shake the Natural Mineral Shimmering Powder back and forth to get excess powder loose into the tray. Gently glide over the powder with the IMAGE® Pad to grab the powder, then tap off any excess. Apply to areas of the face that need coverage by working into the skin in a circular motion.

INGREDIENTS: Tricaprylin, Zinc Stearate, Boron Nitride, Retinyl Palmitate (Vitamin A), Tocopheryl Acetate (Vitamin E) Tocopherol (Vitamin E), Ascorbyl Palmitate (Vitamin C), Methylparaben, Propylparaben, Imidazolidinyl Urea. May contain Mica and other c1 colors.

NET WT: 0.35oz /10.0g
